## Comparative Values in Footwear

WITH the majority of people, price is the chief consideration in purchasing footwear.

That's why there are so many uncomfortable feet in Canada to-day and so many dissatisfied shoe purchasers.

For low-priced shoes cannot be good shoes—the high cost of good materials and skilled labour wont permit.

Then why experiment—at the expense of your comfort—with low-priced shoes? Why not wear

## INVICTUS SHOES

and be thoroughly satisfied?

Distinctive and pleasing in appearance, they possess that style individuality that is the hallmark of fine footwear. Invictus Shoes will outwear ordinary low priced shoes—yet they cost little more.

## TEACHER WANTED

A teacher wanted for Mowers School District No. 780. Apply, stating qualifications, to C. DEARICK, Didsbury.

Mr. J. L. Beane of Lacombe was paying business visits in town on Monday.

German and English services will be held at the German Lutheran church, west of Didsbury, on Sunday, June 21st, at 11.30 a.m. All are cordially invited to attend.

Don't forget the lawn social, in aid of the band, on the school grounds on Tuesday evening, June 30th.

Constable B. J. Martin, R.N. W.M.P., of Olds, was in town on Tuesday on duty regarding the interdict case.

## AROUND THE TOWN

M. Ryckman was a week end visitor at Calgary.

Mrs. R. Robertson paid a visit to Calgary on Tuesday.

A box social is to be held at the Devenport schoolhouse on Friday, June 19th.

Mrs. A. E. Welch and Mrs. S. Scarlet of Carstairs, were visiting friends in town on Tuesday.

Come out and enjoy yourself at the lawn social, on the school grounds, on June 30th.

The Mennonite camp meeting opens on Friday next on the grounds east of the track.

Mrs. W. Geddes of Calgary, is visiting with her parents, Mr. and Mrs. Brieker, in town.

Harry Rogers left for Yellowstone Park on Monday, where he will take charge of a tourists outfit.

The Misses Lily and Pearl Rupp left on Sunday for a trip to Toronto and other points in Ontario.

Mrs. H. J. Hossett of Red Deer, is visiting with her daughter, Mrs. L. C. Newsom, for the week.

The regular "Exchange" will be held at Mr. Studer's store on Saturday, June 20th, at 3 o'clock sharp.

Miss Annie Hiebert and Miss Hanna Shantz of Calgary, were visiting with friends in town for a few days this week.

The Didsbury Citizens Band journeyed to Airdrie on Tuesday to play at the fair and sports day at that place.

It has been decided to hold the Westcott sports on Tuesday, July 14th this year. Programmes and fuller announcement will be made later.

J. McGhee, the C.P.R. agent, was a business visitor at Edmonton for a few days this week. Ray Dowdell was relieving him in his absence.

The Rev. D. K. Grant of Olds, who was to have been here two weeks ago, will occupy the Presbyterian church pulpit on Sunday evening next.

Mr. A. C. McConnell and son of New York, uncle and cousin of Dr. A. J. Weart, were visiting with the Doctor and Mrs. Weart over the week end.

The ladies of Didsbury will hold a lawn social for the benefit of the band, on the school grounds, on Tuesday evening, June 30th. Admission: Adults 25c; Children 15c including supper.

Mr. C. L. Peterson's Northern Spy apple trees are again bearing fruit. They were full of blossom this spring. It is to be hoped that the forces of nature will allow them to mature their fruit this year.

Rev. L. H. Wagner, Supt. of Missions of the Evangelical church, preached very impressive sermons to an appreciative congregation on Friday evening and Sunday evening. On Saturday afternoon and Sunday forenoon he preached at Siebertville.

## Fined the Limit

A case of supplying an interdict with liquor and also one of using liquor by a interdict was heard before Magistrates Peterson and Atkins on Tuesday afternoon. Constable D. B. Martin of the R.N.W.M.P. of Olds, appeared as prosecutor. Both defendants pleaded guilty but the magistrates decided to hear evidence in the first case, that of supplying an interdict with liquor. No evidence was given in defence. A clear case was made out in both instances and each defendant was fined the limit in the sum of \$50 and costs or two months in jail. In delivering judgment both magistrates in addressing the defendants stated that there has been too much of this work going on and that they intended making an example of every one who was brought up on these charges.

**Bill's Terrible Condition**

There was only a thin partition between the car parlor and the taproom of the suburban hostelry, writes "H" in the Manchester Guardian, so that I could not help hearing what was perhaps a confidence about a certain Bill's terrible condition the previous afternoon. "Well, to cut a long story short," said the voice, which was husky, probably with emotion. "I had to set 'im on a doorstep and leave 'im there. 'E must 'a' fell asleep, and 'is 'at dropped on to th' footpath, an' would yer believe it, when 'e woke up there was 11 pence in it."

**Followed Suit**

On the day of the admission of M. Rostand to the French academy the author of "Cyrano" and "L'Aiglon" gave a breakfast to a few of his friends, the guest of honor being Mme. Bernhardt. The actress was dressed in a hand some gown, which had been made expressly for the occasion. At the end of the breakfast she arose and in an impressive manner took a glass, held it high and said, "I drink to the greatest of French dramatists, M. Rostand, and I drink after the Greek manner!" She then poured the contents of her glass over her head and gown.

Two of Rostand's small sons were sitting at a side table wearing new velvet suits, also made for the occasion. In the silence which followed Bernhardt's dramatic tribute the elder of the boys arose and, imitating her manner, said, "I drink to the greatest of poets, my papa, and I also drink in the Greek fashion!" and straightway deluged himself and his small brother with the contents of his glass.

**SUFFERERS FROM PAINFUL RHEUMATISM**

Liniments of No Avail—Must be Cured Through the Blood

Why are there so many failures in the treatment of rheumatism? Why are so many sufferers resigned to a life of pain, despairing of a permanent cure?

Because rheumatism defies any treatment that does not build up and purify the blood. The poisons of rheumatism are in the blood and it is only through the blood that the disease can be fought successfully. Unless the blood is weak and impure rheumatism cannot get a foothold. When it does the thin and impure blood is not strong enough to overcome the poisons alone. It must be strengthened and purified. Dr. Williams' Pink Pills for Pale People are the best blood building medicine you can take. They make new blood with every dose and promptly check further progress of the disease. They make the blood so pure and strong that not the least trace of rheumatism remains. Mr. R. J. Sinclair, Goshen, N. S., says:—"About two years ago I was laid up with rheumatism. For two months I could not walk and had to stay in an invalid's chair. My feet were badly swollen and my arms seemed to be paralyzed. I had been using doctor's medicine for a long time, but it did not seem to help me, and the doctor finally told me that the only thing that would cure me would be a change of climate. At this time I decided to give Dr. Williams' Pink Pills a trial and got a supply. After I had taken them for a while I found they were helping me, and I got a further supply and they completely cured me, and I have not been sick one day since. I strongly recommend Dr. Williams' Pink Pills for this trouble."

You can get these Pills from any dealer in medicines or by mail, post paid, at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

**No Correct Way**

Former President Taft told this little story to illustrate the puzzling character of a certain public question:

"I fell about that question very much as the man did who came across a creek which, as some one told him, was called the Saskatchewan creek. He asked a resident of the neighborhood how they spelled that name. The native said: "Some spells it one way, and some spells it another, but in my judgment there ain't any correct way of spelling it."

"What kind of meat have you this morning?" asked the husband, of the butcher.

The husband looked up and said: "I'll take sausage."

**The Palm Tree of Capri**

I knew a palm tree upon Capri. It stood in select society of shining fig leaves and lustrous oleanders. It overhung the balcony and so looked, far overleaning, down upon the blue Mediterranean. Through the dream mists of Southern Italian noons it looked up the broad bay of Naples and saw vague Vesuvius melting away, or at sunset the Isles of the Sirens, or in the full May moonlight the oranges of Sorrento. And from the Sorrento where Tasso was born it looked across to pleasant Posillipo, where Virgil is buried, and to stately Ischia. The palm of Capri saw all that was fairest and most famous in the bay of Naples.—George William Curtis.

THE case heard by the Magistrates on Tuesday afternoon and the sentences imposed should be a salutary lesson to those who have been supplying interdicts with liquor and also to the interdicts themselves. The utter indifference to the law in this respect that has prevailed in this town for some called for drastic measures when a clear case was proven, and the magistrates are to be commended on their action if for no other reason than to show that the law must be obeyed and that these cases are a serious breach of the law. It is unfortunate that nearly all interdicts in this town are good law abiding citizens usually and amongst them some good business men if it were not for the liquor habit. They are interdicted for their own good more especially than for the good of the community, and every person can be sure that if a person is interdicted there is some excellent reason for it, consequently those who supply them with liquor must bear the consequences with the interdicted for the good of the community as a whole as well as for those who have to suffer by the sorrow caused through supplying the liquor.

## Baseball News

The Innisfail Province states that Stark is not listed on the Didsbury team although he plays for Didsbury. For the information of our esteemed brother in the business we wish to state that Stark is listed. It would be rather a poor commentary on Didsbury if one of its best ball players who has been a resident of this town for some years should have been left off the team.

The locals did not go to Bowden on Friday last because of the very heavy rains which we had here. Bowden wins this game by default.

Red Deer did not show up on Tuesday night consequently the game is forfeited to Didsbury.

Tuesday, June 9th, Red Deer beat Innisfail in a well contested game.

Didsbury goes to Olds on Friday night and it is hoped that there will be a good turnout of supporters.

Olds played at Lacombe on June 16th, result 10-11 in favor of Olds.

Bowden played at Innisfail on Tuesday, result a tie score 7-7

### LEAGUE STANDING

## The Calgary Exhibition

Indications are that the Calgary Industrial Exhibition, which opens on June 29th, will draw the largest crowd of Alberta visitors in its history. Last year the attendance was 105,000 but this year it is expected that the exhibition turnstiles will register at least 125,000 visitors. No effort has been spared to make this popular summer fair larger and better than ever.

With the opening day still several weeks away, the number of entries being received daily and the reservations being made in the buildings, indicate that there will be much to see at this year's exhibition. The better babies contest is proving very popular among Alberta mothers. Other features are special prizes for children, a general live stock prize list, large prizes for grain and special prizes for bread. There will be high class attractions including exceptionally fine fireworks, and a grand military tattoo in which 125 musicians will take part. Entries for the exhibition close June 13th

## Council Meeting

The Council met on Monday night in regular session, Mayor Atkins, Councillors Osmond, Sinclair, Reed, and Secretary St. Clair, present. Councillor Moyle was only present for a short time and Councillor Chambers was absent.

Tenders for the electric light debenture were opened and it was found that the tender from C. H. Burgess & Co. of Toronto for \$7,554 with accrued interest at six and one-half per cent. was the best offered.

On motion it was decided to accept Burgess & Co's offer.

Bills amounting to \$173 were discussed and passed.

Messrs. W. G. and Geo. Liesemer presented plans and specifications for their new building and the Town Clerk was ordered to issue permit for same.

The band reported that six chairs had been taken from the band stand and that the ones that were left were all broken up. They asked permission from the Council to replace these with solid seats and also to erect music racks in the stand at their own expense. The request was granted.

The matter of laying sidewalk on Railway Ave. was discussed at some length as to methods but no action was taken.

The Council then adjourned.

## The Cadet Camp

For complete arrangements both for the regular programme of the camp as well as the extensive athletic programme, the Calgary Cadet Camp will set a new record for the Canadian cadet camps to follow. In addition to the regular athletic events which are being held in every cadet camp in Canada this year, the Calgary Y.M.C.A. are planning for both football and baseball leagues amongst the cadets.

Liberal allowances have been made by the authorities in the daily camp routine for recreation as the following schedule shows. Schedule is approximate and may possibly be changed slightly later.

Reveille 6.00 a.m.  
Sick Parade 6.30 a.m.  
Breakfast 7.00 a.m.  
Morning Training 9.00 to 11.30 a.m. with a half hour interval.  
Dinner 12.30.  
Afternoon training 2.00 to 3.00 p.m.  
Recreation 3.00 to 5.15 p.m.  
Tea 5.30 p.m.  
Guard Mounting 6.30 p.m.  
Retreat 7.30 p.m.  
1st post 9.30 p.m.

The guard will only be mounted for one hour, so that most of the boys will be free for all evening for the athletic events.

## STRAYED

From the premises of Geo. H. Webster on Ben Good's old farm, on or about the middle of May, one light bay gelding with white on off hind foot and star on forehead, weight about 1100 lbs.; also one light bay gelding with very little white on face, weight about 1100 lbs., both aged, no brands. Suitable reward will be given for recovery of these horses. j10p

## \$10.00 REWARD

Strayed from the C.P.R. Stock Yards, Didsbury, on Thursday, May 21st, one red steer with some white; weight, between 1400 and 1500 lbs. Branded 5P with quarter circle above, on right hip. The above reward will be paid to the person returning or giving information to N. WICKER, Didsbury.

SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS.

THE sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the District. Entry by proxy may be made at the office of any Local Agent of Dominion Lands (not sub-agent), on certain conditions.

Duties—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, on certain conditions. A habitable house is required in every case, except when residence is performed in the vicinity.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$3 per acre. Duties—Six months residence in each of six years from date of homestead entry (including the time required to earn homestead patent) and 50 acres extra cultivation. The area of cultivation is subject to reduction in case of rough, scrubby or stony land after report by Homestead Inspector on application for patent.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$3 per acre. Duties—Must reside six months in each of three years, cultivate 50 acres and erect a house worth \$300.

## CATTLE, SHEEP, HOGS, POULTRY

The Farmers of Central Alberta are  
Securing Big Returns From  
Mixed Farming

Mr. J. L. Porte, Publicity Commis-  
sioner for Central Alberta in the  
course of an interview given in the  
Globe during the Toronto Exhibition,  
said:

"While Central Alberta can and  
does produce splendid crops of  
wheat, aggregating millions of bushels  
annually, the conditions are peculiarly  
favorable to mixed farming, and  
it is the advantages in this direction  
that render the district more desir-  
able than other portions of the west  
and that have led our farmers into  
the saner ways of doing things. It  
is generally recognized by our farmers  
that where conditions are so favorable  
for growing grain, hay, roots and  
vegetables, for the production of f.-  
der crops, and for the cheap handling  
of cattle, all on the same farm, better  
results can be obtained from mixed  
farming, under which the quality of  
the land improves, than that of ex-  
clusive wheat-growing, under which  
the land must inevitably deteriorate.

"In the case of cattle, it is contend-  
ed by our farmers that beef can be  
raised at less expense in Central A-  
lberta than almost any other part of  
Canada. Mr. E. B. Snider of Daysland  
who settled there from South Dakota  
for several years has had from fifty  
to one hundred head of cattle and  
made a profit on every animal. He  
does not stable them at all, letting  
them eat in the winter around the cat  
stacks, and he finds that in this way  
he has very little expense in fatten-  
ing.

### Dairying Making Men Rich

"As regards dairying, it is no less  
profitable, and I can give you a num-  
ber of instances of where farmers  
have made a good thing out of it.  
Enquiry at the principal dairies in  
Edmonton showed that the average  
price for butter during the year was  
twenty-seven and three-quarter cents  
per pound. For January the average  
was thirty-one cents, and for Febru-  
ary thirty-three cents. Mr. E.  
Sevigny of St. Albert during the year  
delivered eleven thousand five hun-  
dred and fifteen pounds of cream, for  
which he received \$970.42. He kept  
at that time only twelve cows, which  
means he made a profit of \$80.87 per  
cow. Mr. George Wilkerson, near Le-  
duo, received altogether \$2,143 for  
twenty-five thousand four hundred  
and eighty-seven pounds of milk ship-  
ped. This was the product of forty  
cows and meant an average of \$5.41  
per hundred pounds. Mr. A. J. Davis  
of Cherry Hill Farm at Clover Bar  
delivered one hundred and fifty thou-  
sand eight hundred and forty-nine  
pounds of milk to the Edmonton  
Dairy, for which he received \$2,820.  
He obtained an average for the year  
of \$120.50 from each cow.

### Money in Hogs and Sheep

"Hog-raising, as a result of the  
dairying, is profitable, and more far-  
mers every year are getting into pork  
production. Corn is not a successful  
crop in our section, but the farmers  
find barley a good substitute, and as  
prices for bacon remain high the year  
round there is a good margin left for  
the producer. Sheep are not raised  
extensively in our district, although  
every condition is there to make them  
profitable. Those who have gone into  
this brand of live stock husbandry  
have invariably been successful. The  
prices for mutton and wool are most  
attractive. Mr. E. A. Walker, in Strath-  
cona district, formerly of Braut coun-  
ty, Ontario, is one of a number  
who are making well out of sheep.  
Mr. George F. Root of Red Deer, for-  
merly of Iowa, brought over 2,625  
lambs from Montana in October. These  
animals were in the worst possible  
condition, having been starved all sum-  
mer in Montana. Notwithstanding  
this, however, Mr. Root's entire loss  
during the winter amounted to only  
nineteen head.

### Poultry Pays

"Poultry-raising is advancing by  
leaps and bounds in our portion of  
Alberta. Those who have been mak-  
ing a specialty of poultry declare they  
can raise heavier birds at less ex-  
pense than elsewhere, and with rea-  
sonable care they get satisfactory  
results in the way of eggs. The  
market for poultry and eggs is  
practically unlimited, and prices are  
very high. Dressed poultry is readily

saleable at from fourteen to twenty  
cents per pound, and eggs bring from  
twenty to sixty cents per dozen  
though the market usually touches the  
lower figure for only a brief period.  
The railway companies report that more  
than 300 carloads of poultry products  
were shipped into Alberta in 1910.

"The opportunities for making  
money in poultry are no greater than  
in the other lines of mixed farming  
to which our farmers have now turn-  
ed, and which is, in fact, the very  
secret of their continued prosperi-

## SHEEP RAISING NEEDS REVIVING

Breeders Urge That the Government  
Take Definite Action to En-  
courage the Industry

That the government should take  
definite and emphatic action to en-  
courage a greater production of sheep  
in Canada was set forth strongly at  
the annual meeting of the Sheep  
Breeders' Association, held at Guelph  
recently. The necessity of this both  
from the wool and meat standpoints,  
was dwelt upon by various prominent  
speakers. In connection with the lat-  
ter phase of the question, it is note-  
worthy that many think the tariff on  
wool, as well as that on woollen goods  
should be adjusted in order that a more  
stable condition of the industry gener-  
ally might be obtained. Apparently  
there are few who think the preference  
on woollen goods should be increased.  
They believe this would still fur-  
ther limit the production of woollen  
goods in Canada, thus reducing the  
home market in Canada for wool. In  
his address at Guelph Mr. H. S. Ar-  
kell, B.S.A., Ottawa, said in part:

"At present in Canada there are  
about 2,360,000 sheep. In the year 1871  
there were 2,155,000. What does that  
mean, then? It means that there are  
700,000 fewer sheep in Canada to-  
day than there were forty years ago.  
Not only is this the case with the  
Dominion as a whole. In every single  
eastern Province there are less sheep  
than there used to be long ago. There  
are to-day fewer sheep in the whole  
Dominion of Canada than there were  
in the Provinces of Ontario and Que-  
bec alone forty years ago. In the year  
1896 we exported 391,000 head, and  
since about that year the sheep have  
been falling off in numbers. Two years  
ago we exported sheep to quite an  
extent. We are now an importing  
nation. In the year 1910 we imported  
85,000 head, in 1911 we brought  
68,000 head, and in seven months  
of the year '12 we have imported  
less than 154,000 head of sheep. The  
majority of the imported sheep do not  
remain in the east, even at that. Most  
of them go to the western Province.  
In the year 1911 about 227,000 sheep  
were handled at the Toronto market.  
In ten months of the present year  
only about 150,000 have been through  
that market. Nor is this decline in  
sheep trade peculiar to Toronto. Ex-  
actly the same periods the sheep han-  
dled at the Montreal market num-  
bered 117,000 and 102,000 respective-  
ly in ten months of the present year.  
Winnipeg market dealt with 39,000  
head of sheep, and of these not more  
than one thousand were Canadian  
sheep. All the others were from the  
United States. With the present  
shortage of beef and mutton, the pub-  
lic has made quite a call for lamb.  
The prices asked by the butchers for  
lamb have consistently stiffened,  
not only has the demand increased,  
but the supply had fallen behind.

"The sheep business is certainly  
getting the attention it should have.  
The veteran John Campbell of Wel-  
ville. "At present butchers' lambs are  
selling at the highest price on record  
for the time of year, and the chances  
are that they will be extreme high in  
spring."

"Would you recommend the average  
farmer to raise more sheep?" Mr.  
Campbell was asked.

"Decidedly. The country is suf-  
fering a very great loss in that there  
is not a flock of sheep on every sin-  
gle farm. Were I not already engaged  
raising pure-bred stock, there is a  
line of live stock husbandry to which  
I would pin my faith so firmly as  
the production of well-finished lamb  
for the market, using the best possi-  
ble judgment in the selection of dams and  
sires."

## Training Domestic Science Teachers at the Olds School of Agriculture

An item of news that will be of in-  
terest to all public school teachers is  
the fact that the School of Agriculture  
at Olds will give such a course as will  
enable those holding teachers certifi-  
cate to teach Household Science in  
the common schools. Teachers hold-  
ing eleventh grade certificates and  
having completed the Normal course,  
by taking two winters at the School of  
Agriculture, Olds, will be graduated  
as qualified teachers. This will be  
very welcome news to the large num-  
ber of teachers who have written to  
the undersigned with regard to the  
work which they are giving.

In addition to the teachers course  
the school will offer what will be called  
a home-maker's course. This will be  
for young ladies who have not in view  
the teaching of Household Science  
work, but who desire the training so  
that it may be of use to them in their  
own homes.

This work is made as practical as  
possible, and all courses are en-  
tirely free. The Institution is under  
the auspices of the Department of Ag-  
riculture at Edmonton, and all that  
the students will need to do will be to  
provide their own board and room  
which may be secured at from \$5.00  
to \$5.50 per week.

## One Woman's Creed

"I believe in the ballot for women  
for the same reason I believe in a wife  
for every man, one who is the mother  
of his children and the careful keeper  
of his house. The house of this nation  
is a bachelor establishment, and is  
badly kept in many ways for this rea-  
son. It lacks the cleanliness, the  
humanity, the loveliness which women  
bring. But it will not be better kept  
with a termagant suffragist fighting  
inside with the poor bachelor govern-  
ment which has been induced to marry  
her, politically speaking. Time will  
show that the feminist movement will  
never succeed so long as it is based  
upon antagonism to men, for that is  
monstrously unnatural!"—Corra Harris  
in The Independent.

#### The Secret of Youth

Youth is what we all love to have and to hold, and since Ponce de Leon's time many a way of conserving it has been prescribed—dosage, drinking sour milk, systems of exercise, bathing, rubbing. Anyone of these things may help the individual, but not every individual. And let us not forget that youth is in great measure a gift of the spirit. Children are young because for them life abounds. They find springs of energy within and stores of refreshment without. Wonder, curiosity, the enjoyment of 10,000 trifles, a short memory for punishment and pain—all these things make for youth. Quarrels, resentfulness, suspicion, worry, grouching—these bring harder lines around the mouth, hardened arteries, old age. Nothing is too small to delight a child, given the right conditions; nothing too big to darken, for very long, the spangled sky. That is the secret of youth. Draw the curtain, Master Manager. On with the human comedy!—Collier's.

#### EVERY TOWN AND VILLAGE IN CANADA

HAS SOMEONE CURED BY DODD'S  
KIDNEY PILLS

Mr. E. Handke tells How They Sent Him Back to Work and Saved Him Much Money.

Vanbrugh, Ont.—(Special).—One more man has proved to his entire satisfaction that the one sure cure for sore back is Dodd's Kidney Pills. That man is Mr. E. Handke, a well-known resident of this place, and he is telling his friends that Dodd's Kidney Pills saved him much lost time, and suffering as well.

"I was laid up with sore back," Mr. Handke says. "At times I was not able to get up in the morning. But by the time I had taken one box of Dodd's Kidney Pills I found that the pain was getting less, and by the time I had taken six boxes I was all right and able to go to work again. I want to say to any man who suffers from sore back that Dodd's Kidney Pills are the only remedy I would recommend. They saved me a large doctor's bill and much lost time."

Sore back is one of the symptoms of Kidney Disease. The natural way to cure it is to cure the sick kidneys. Dodd's Kidney Pills cure sick kidneys. If you haven't tried them yourself, ask your neighbors. Every neighborhood in Canada has some man or woman who has been cured by Dodd's Kidney Pills.

#### The Model Wife

The following is a quaint old description of the desirable attributes of a good wife:

First, she would be like a snail, always keep within her own house, but she should not be like a snail, to carry all she has upon her back.

Secondly, she should be like an echo, to speak when she is spoken to, but she should not be like an echo always to have the last word.

Thirdly, she should be like a town clock, always keep time and regularity; but she should not be like a town clock, to speak so loud that all the town may hear her.

This is not altogether in keeping with modern ideas on the position of women!

#### The Difference

Harold Jenks, a syndicate editor of Denver, was talking about the low rates paid by the magazines.

"They who write for newspaper syndicates, where their work appears simultaneously in forty or fifty newspapers all over the country," said Mr. Jenks, "make a good deal of money. Of course, the magazine writer, besides such men, isn't one, two, three."

"A seedy magazine writer dropped in on me this morning to borrow a quarter. As he left, he said:

"Jenks, old man, the difference between a hen and a magazine writer is this—while they both scratch for a living—the hen gets hers."

It Makes New Friends Every Day.—Not a day goes by that Dr. Thomas' Electric Oil does not widen the circle of its friends. Orders for it come from the most unlikely places in the west and far north, for its fame has traveled far. It deserves this attention, for no oil has done so much for humanity. Its moderate cost makes it easy to get.

Robert Burton, who was buried in Christchurch cathedral, Oxford, was an author of one book and one book only. His "Anatomy of Melancholy" has been a favorite of many celebrated authors. Milton, Bryan and Lamb were impressed by it; Sterne was greatly indebted to it, and Dr. Johnson avowed that this was the only book that could tempt him out of bed two hours before his usual time of rising. Such praise, coming from so great a worthy, stimulated public interest in a deservedly valuable work which had been allowed to fall into obscurity.

While not given to the indiscriminate use of, or belief in, patent medicines, I can conscientiously recommend Zam-Buk."

Zam-Buk is used by the world's foremost athletes. Why not give it a trial. Price 50c. per box, at all druggists and stores. Zam-Buk is also best for eczema, cuts, sores, bruises, ulcers, piles, and all skin injuries and diseases.

#### Involved

Young Albert was a very practical youth, and everything that he learned at school he endeavored to apply in his daily life and work.

The lad had recently become very friendly with a little boy who had lately moved in that vicinity, and one afternoon his mother asked him if his little playmate was an only child, whereupon Albert looked very wise and triumphant.

"He's got just one sister," he said. "He tried to catch me when he told me he had two half sisters, but I guess I knew enough about fractions for that."—Harper's Monthly.

The indications of worms are restlessness, grinding of the teeth, picking of the nose, extreme peevishness, often convulsions. Under these conditions the best remedy that can be got is Miller's Worm Powders. They will attack the worms as soon as administered and will grind them to atoms that pass away in the evacuations. The little sufferer will be immediately eased and a return of the attack will not be likely.

#### Mark of the Dog

Wild dogs do not bark—that is to say, the explosive sound so familiar to us in the "bark" of our dogs is never heard from any species of wild dog. Wild dogs growl, snarl, howl, but they never give a real bark. The true bark of the domesticated dog is the result of his long association with man and of his attempt to "speak" in answer to his master's voice.—New York American.

#### Running Trains on Time

On a system so intricate as that of the C.P.R. where the troubles of the train dispatcher are added to by the problem of having in many cases only a single track for both freight and passenger trains going both ways, the record of a perfect day—showing all trains run on time gives the same feeling of satisfaction that a patient player feels who wins out in a game of solitaire. Imagine then the genial smile which diffused itself like summer sunshine over the face of Mr. Miller at Windsor station when he could point to the blameless record of May 3 and 4—every single train on the eastern division marked "O. T." May 3 was a Sunday, on which it might be expected that trains should be good, but May 4—a Monday—gee whizz!

#### Chest Colds and Hoarseness Quickly Rubbed Away

"Nerviline" Gives Speedy Relief and  
Cures Over Night

Got a cold?  
Is your voice raspy—is your chest congested or sore?

If so, you are the very person that Nerviline will cure in a jiffy. Nerviline is strong and penetrating. It sinks right into the soreness, takes out inflammation and soreness, destroys colds in a truly wonderful way. Rub Nerviline over the chest—rub on lots of it, and watch that tightness disappear. Nerviline won't blister, it sinks in too fast—doesn't simply stay on the surface like a thick, oily liniment would. If the throat is raspy and sore, rub it well outside with Nerviline, and use Nerviline as a gargle diluted with warm water. Just one or two treatments like this and your voice and throat will be quite normal again.

Just think of it—for forty years the largest used family medicine in this country—Nerviline must be good, must quickly relieve and cure a hundred ills that befall every family. Try it for earache, toothache, coughs, colds, sore throats, hoarseness, and muscular pains in every part of the body. Large family size bottle, 50c; trial size, 25c, at all dealers.

#### Mot of a Frenchman

It is rather a cruel fact of history that a large proportion of the early settlers in Australia were convicts and men who had failed to make good at home. Australia was fixed upon by the British government as a suitable spot for its outcasts because of its extreme distance. Although it is now years since the arrival of the last convict ship, Australians are still sensitive about this objectionable use of their country. Apropos, C. E. Jacob, in his book on Australia, tells of an Australian, who, in conversation with a Frenchman, wound up a long and boastful harangue by saying, "We are the best chosen race in the world." "True," murmured the Frenchman. "You were most carefully chosen by the best English judges."

## NERVES UNSTRUNG DID NOT KNOW WHAT REST OR SLEEP WAS

Mrs. Captain Clinansmith, of the Salvation Army, formerly of Essex, and now living at Leamington, Ont., writes:—"I have used in all about 18 boxes of Dr. Chase's Nerve Food and this treatment certainly worked like magic. I was so run down that I suffered for 12 months with acute nervous prostration, and was so bad that I never knew what sleep or rest was."

"I consulted five different doctors, but still I did not make any signs of recovery. A friend of mine had suffered as I did and had been cured by Dr. Chase's Nerve Food and recommended it to me."

"I can say that after taking the first box I felt every dose doing me good, and by continuance of this medicine I was cured. I could sleep as well as ever and found life

worth living. When other medicines failed, the nerve food built me right up."

"A few years ago I was cured of a most severe case of protruding piles by using Dr. Chase's Ointment. I had to keep to my bed and doctors could give me no help. When suffering untold agony I heard of Dr. Chase's Ointment and was cured of piles, to the wonder of those around me, and after I had almost given up hope."

Dr. Chase's Nerve Food has made a wonderful record as a cure for nervous exhaustion and prostration. By forming new, rich blood it restores feeble, wasted nerve cells, and, working hand in hand with nature, its cures are thorough and lasting. 50 cents a box, 6 for \$2.50. All dealers or Edmondson, Bates & Co., Limited, Toronto. Write for booklet on "The Nerves."

### Farmers Rights

The best legal advice obtainable in the city of Calgary has been received by the U.F.A. in regard to the farmers rights on his lands in respect to oil drillers. It is as follows.

1.—Forbid any person or persons from entering upon his land or, if they have already gone on the land, can order them to leave and to take away anything belonging to them.

2.—If this is not successful, the farmer or everyone regularly assisting him or acting by his authority, is justified in using force in preventing any person trespassing on the property, or in removing him, if he uses no more force than is necessary.

3.—If the trespasser resists the attempt to prevent his entry or removal he shall be guilty of assault and can be brought before a magistrate and charged with assault. Section 6 of the criminal code is authority for this proceeding.

4.—If any tools or material are placed on the land the owner or person in possession of the land can remove them.

5.—Another remedy which is more expensive is to commence action in the Supreme Court and obtain an injunction to restrain trespassers from entering upon the land.

The above clauses make the position of the farmer perfectly clear that the land belongs to the farmer. No one has the right to enter upon it for oil purposes or any other purpose except for survey purposes without the farmers consent. The farmer has a right to keep the oil driller off his lands until satisfactory arrangements have been made in accordance with the provisions of the sections quoted above.

### AROUND THE TOWN

(Continued from page 1)

This isn't a militant suffragette story but an irate lady called Aunt Mary caused a sensation a few miles northwest of town last week when she used a whip to

bring a poor unprotected male called Dick to time. The whip was used so unmercifully that a complaint was laid and the case came up at Olds last week. The lady with the whip was fined two dollars and a half while it cost the poor male about \$20 to square things up.

It is rumored that the genial and popular Alf. Smith Esq., manager of Stark's pool room at Didsbury is about to join the ranks of double felicity and hie himself away to Drumheller to manage the pool room in that place for Tom Stark. Alf. has already selected a handsome bungalow for the reception of this great and grand occasion. We also offer congratulations. P. S.—Our loss will be Drumheller's gain.

Mrs T. W. Lloyd of Mt. Benson, south Australia, has now made arrangements to make a permanent home in Didsbury. Mrs Lloyd is one of the oldest, if not the oldest, pioneers of south Australia. It is 74 years ago since she landed in Australia from England, consequently her experience in pioneer life covers a wide range, having lived in England, Australia, New Zealand and at last in Canada. She will be welcomed in this part of British dominions in which she has decided to make her home.

### Suffs. Try Blow Up Coronation Chair

London, June 11.—An attempt to blow up the coronation chair, which has been in Westminster Abbey since 1296, was made this evening. The outrage is attributed by the authorities to militant suffragettes.

The chair, generally called St. Edward's chair, out of respect to Edward the Confessor, near whose shrine it stands, was made by order of King Edward I, to hold the coronation stone or "stone of destiny", on which the ancient Scottish Kings used to sit when they were crowned. It was captured by Edward I from the Scots. The damage caused to the chair

by today's explosion was slight. The explosive had been placed beneath it, but its effects seemed not to reach the chair itself which is of solid oak covered with gilding and ornamental work.

The famous old stone, however, was badly chipped. The history of the stone so far as it is known goes back to the year 850 when it was placed in the Abbey of Scone, Perthshire, by King Kenneth. It is not known whence it originally came, but a legend connected with it says it is the identical stone upon which the Biblical patriarch, Jacob, laid his head when he had the vision of the angels descending the ladder that reached to Heaven. It is known that the kings of Scotland for centuries were crowned while seated on it.

The police quickly took possession of the Abbey after the outrage.
